

Getting Your COVID-19 Vaccine

Below is a list of websites and resources to help you find out when and where you can get vaccinated against COVID-19. The vaccine will be offered to individuals in phases determined by the Texas Department of State Health Services (DSHS), starting with front-line healthcare workers and residents at long-term care facilities (called Phase 1A), plus people older than 65 or with a chronic medical condition that puts them at increased risk for severe illness from COVID-19 (called Phase 1B). Beginning March 15, 2021, people older than 50 will also qualify (called Phase 1C). The vaccine is available at no charge, regardless of insurance.

CITY OF HOUSTON

Please visit [HoustonEmergency.org/covid19](https://houstonemergency.org/covid19) for the latest info surrounding the COVID-19 vaccine rollout in Houston. Their COVID-19 call center is also available at 832-393-4220.

You can also receive information about new vaccine appointment opportunities being offered by the city through email, text message, voice call, or mobile app push notification by registering for the HoustonRecovers subscription of [AlertHouston](#).

HARRIS COUNTY PUBLIC HEALTH

Harris County Public Health is proactively seeking those in the 1A and 1B population that do not have apparent networks to access vaccine or are potentially the most vulnerable to COVID-19.

If you qualify for the vaccine under the current state guidelines, please register for their waitlist [here](#).

OTHER PROVIDERS

A complete list of COVID-19 vaccine providers in Harris County can be found [here](#). This list includes providers that have been designated as vaccine distribution hubs by the Texas Department of State Health Services (DSHS) and local providers like pharmacies that may have the vaccine available. Please contact these facilities directly or view their registration information for more detail. Note that not all providers are vaccinating the public or people in all priority groups.
